

DIRTY BONES

INTRO

- Dirty Bones London serves the finest NYC style comfort food and cocktails in a relaxed atmosphere of ‘high fives & good vibes’, with a music policy of classic soul, old school funk, nu-disco and original gem remixes.
- Launched in January 2014, Dirty Bones’ original location in West Kensington can be found at the bottom of the neon-lit staircase, with eclectic interiors designed by award-winning British designer Lee Broom. In addition to live bands every Thursday from 8pm and live DJs every Friday & Saturday from 9pm, Dirty Bones Kensington also offers a private subterranean lounge for large parties, fully equipped with a private bar, sound system, optional DJ booth and more.
- Dirty Bones’ second site launched September 2015 in Soho on the top floor of Kingly Court, serving dirty classics seven days a week for lunch, dinner, and late night drinks, along with London’s best-ever hangover brunch on weekends.
- Launched in September 2016, Dirty Bones’ third location is housed in a Grade II-listed heritage building in the heart of East London, serving up an array of East-exclusive menu additions along with live DJ performances every Friday & Saturday from 9pm til late.
- Taking design inspiration from the loft-style apartments of Brooklyn and the glamour of Studio 54, Dirty Bones’ newest site launched in the heart of Soho on Denman Street in April 2017, bringing with it a number of creative new meat-on-the-bone dishes as well as lighter, lunch-friendly bites.
- At each location guests will find a vibrant, stylish atmosphere, carefully curated old-school playlists, regular DJs and live music, served up alongside critically acclaimed cocktails and comfort food crafted with the highest-quality ingredients.

THE FOOD

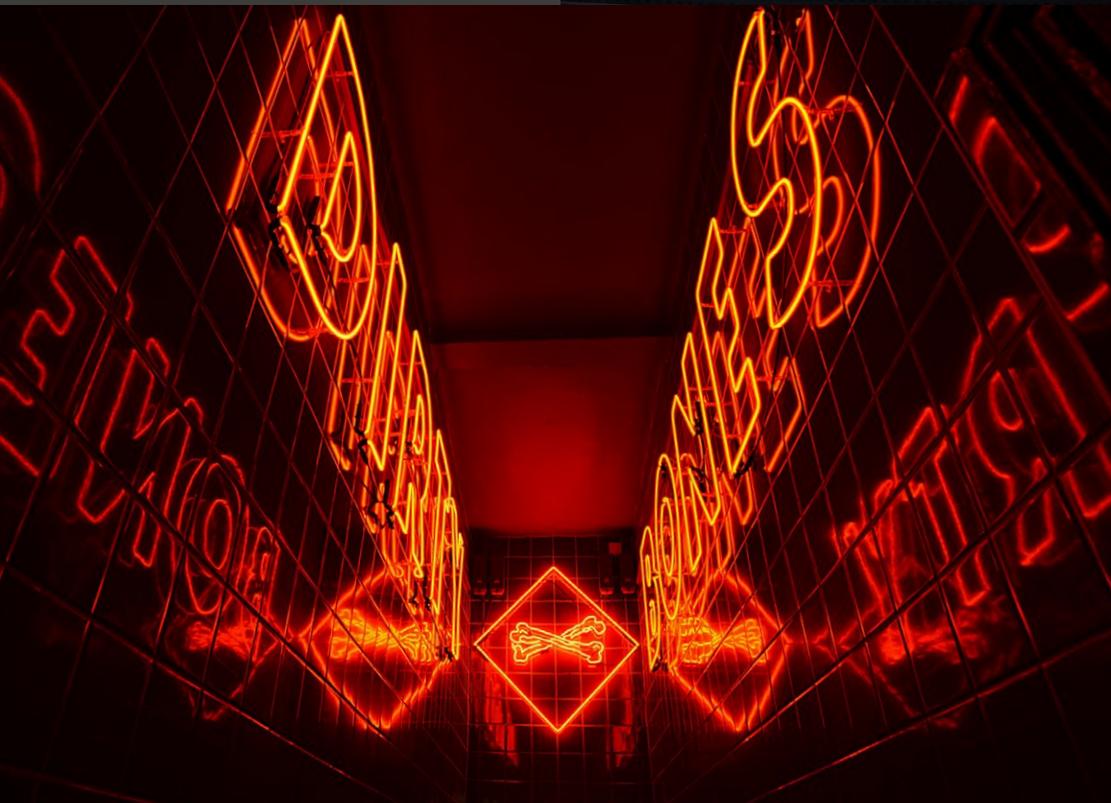

- Our founders work alongside our talented in-house food development teams on all menu and dish development.
- The Dirty Bones menu features playful twists on classic NYC style comfort food – think quality meat-on-the-bone dishes using only the finest cuts, crispy free range fried chicken, comforting sides, salads, plus weekend brunch classics with a dirty twist.
- Signature dishes include the 6 hour brined and sous-vide cooked Chicken & Waffles, the Mac Daddy Burger with pulled beef short rib and taleggio mac n' cheese, and the Beef Short Rib with salted caramel & burnt onion BBQ sauce.
- New dishes developed for the launch of Dirty Bones Shoreditch's brunch menu include the Matcha Custard French Toast, Short Rib Hash and a selection of Dirty Crumpets topped with free range eggs and hollandaise.
- We have developed a number of bespoke dishes for various pop-up events, including roasted lamb lollipops and various twists on our dirty classics.

THE DRINKS

- The comprehensive drinks list has been designed to complement both the Dirty Bones menu and the concept's playful atmosphere.
- The list offers a wide selection of competitively priced cocktails, all crafted with a dash of Dirty Bones fun and flair.
- Signature drinks include the Mutt's Nuts (Woodford Reserve bourbon, cinnamon & vanilla infused maple syrup, Angostura bitters, lemon and apple) and The Fab (Bombay Sapphire gin, Lillet Rouge, lemon, gomme syrup and egg white, with Hundreds and Thousands & popping candy rim), along with dirty twists on classic favourites like the Dirty Bones Negroni (Aperol, Lillet Rouge and Bombay Sapphire gin).
- Dirty Bones has also developed a list of cocktails with boozy brunch in mind, like the Dirty Mary (Finlandia vodka, tomato, lemon & pickle juices, hot sauce and a sour cream Pringle rim) and Spiked Ice Coffee (Triple espresso, cognac, Mozart Dry Chocolate Spirit, and cream served on ice)
- The list also includes a hand-picked wine selection and champagne options including Veuve Clicquot and Dom Perignon 2004
- Our drinks list is highly adaptable which allows us to tailor our offering to suit all months of the year at both indoor and outdoor events
